ABOUT ME

Experienced Front-end Web Developer with a keen eye for details I strive for excellence in both design and code writing. I am driven to continuously learn and grow in my role, seeking new challenges and opportunities to expand my knowledge. Looking for exciting projects and the chance to work with a dynamic team.

WORK EXPERIENCE

Gloobus

2021 - PRESENT

Web Developer

- Developed full-stack JavaScript solutions for various projects.
- Enhanced and refined designs using modern CSS/SCSS techniques. Optimized code performance for seamless cross-browser compatibility. Up to 15% improvement in-browser gains.
- Designed and implemented modular widgets in Apostrophe CMS, including schema design, UI/UX, HTML, CSS, and full front-end and back-end functionality.

Gloobus - DivingWorld

2022 - 2024

Web Developer

- Built and extended a full-stack web application with Apostrophe CMS, leveraging Vanilla JavaScript, LESS/SCSS, and APIs like Google Maps and reCAPTCHA.
- Created reusable widgets and modules, ensuring flexibility, scalability, and responsive UI/UX with seamless Figma-to-code translations.
- Optimized performance through code refactoring, cross-browser compatibility, SEO enhancements, and modern coding practices.

Jubilee Design

2013 - 2014

UI/UX Template Designer

- Designed visually appealing, responsive templates with a strong focus on UI/UX principles using HTML and CSS, ensuring cross-browser compatibility.
- Collaborated with clients to gather requirements and deliver tailored design solutions.
- Partnered with development teams to ensure seamless integration of templates into final products, enhancing overall user experience.
